## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 44 and 45 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no antecedent basis for the "capsule" recited at line 4 of claim 44.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 18, 19, 21, 27-30 and 33 are rejected under 35 U.S.C. 102(b) as being anticipated by Pecina.

There is disclosed in Pecina a disposable packaging for dispensing a preparation from a pumpable liquid, the packaging comprising at least one closed compartment 16 containing the pumpable liquid, a passage 83 formed in the compartment for accepting an aspiration and mixing subassembly 70 of the venture type, and cover 80 and compartment bottom surface, for sealing the packaging.

### ***Allowable Subject Matter***

Claims 20 and 49-52 are allowed.

Claims 26, 31, 32, 34-43 and 46-48 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim 45 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claim 44 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

### ***Response to Arguments***

Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The patents to Terada et al., Foley et al., Abplanalp and Mills et al. are cited for their disclosure of the state of the art.
